Re: Oakville Track Club Co-Fundraising Opportunity

Greetings,

The Canadian Caribbean Association of Halton will be hosting its **32nd Annual Awards Dinner and Dance on May 2, 2009**. As part of our mandate, we place emphasis on youth participation in the community to drive "Harmony" --one of the four pillars of our organization. This year, we formally launched our *Youth Leadership Strategy*, and created the CCAH Youth Council that will focus on providing leadership training, and meaningful services for youth in our community.

Each year, we provide another Not-for-Profit organization with the opportunity to increase their awareness and to generate funds by being featured at our annual Awards Dinner and Dance (attended by some 200 guests including many senior representatives from all levels of government, the Halton Police, the Halton School Boards, and a number of major funding organizations).

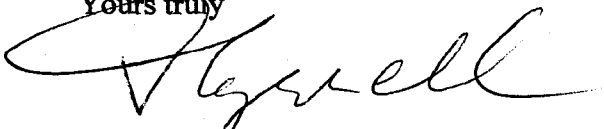

In view of this year's focus on youth, we have decided to support your organization, and as such would like to extend an invitation to co-manage our 2009 Awards Dinner fund-raising effort. **Our approach is very simple!** We work with your organization to generate Raffle Draw prizes and Silent Auction items --then we share the proceeds 50:50. Last year we generated approximately \$2,700. We hope to exceed that amount this year with the support and involvement of your athletes, parents and members.

In addition, any tickets sold through your members will generate a \$10 commission paid back directly to your organization (50% of our margin). Please visit www.ccah.ca for all the event details, including our online ticket ordering service. We would set up a separate category of tickets for your contacts to provide us with real-time tracking of sales and commissions earned.

We are confident that by working together this co-fundraising opportunity will provide your organization with additional funding, the opportunity to network with our supporters, and continued co-operation and collaboration between our two groups in the future. It really is a Win-Win situation!

We are looking forward to a favourable reply.

Yours truly

Veronica Tyrrell
President, CCAH
